

1. **Service from:** Last meter read to present meter read date.
2. **Current Charges:** Current billing charges due on your account at time of printing bill. (Not including past due balance).
3. **Current Meter:** Last meter read and present meter usage read. The difference between the previous and present meter read equals the water **usage** during the billing period, measured in cubic feet.
4. **Meter S/C:** This monthly surcharge is made to each customer connected to the water system based on the meter size.
5. **SDWBA:** Safe Drinking Water Bond Act surcharge for repayment of a 35 year bond loan for upgraded plants / facility improvements & replacements. (1998-2033). This is based on the meter size.
6. **Mailed Date:** Date the bill was mailed out to customer.
7. **Auto Date:** Date for automatic payment for customers that have signed up for this service.
8. **Water Conservation Tip**
9. **Paid by Draft / Paid by Credit Card:** Only if signed up for auto-pay.
10. **Total Amount Due By:** Date the bill is due and the amount of current bill. (May include past due balance if unpaid).
11. **Late Payment Penalty:** Amount charged to account if payment is late.
12. **Use Charges:** Rate charges by quantity used, first 300 cu ft. and over 300 cu ft. based on a per 100 cu ft. basis and meter size.
13. **Usage History:** Graph showing water usage for each month of a year, rotates by current month.
14. **Current Conservation Status:** MANDATORY OR VOLUNTARY
